

## Definition

A person experiencing homelessness, as defined by the US Department of Education, is an individual who “lacks fixed, regular, and adequate nighttime residence”. Unlike the federal Department of Housing and Urban Development, this definition includes individuals who are “doubled-up”, meaning that they are staying with friends and family out of economic necessity. Please note that the homeless designation is cumulative for the school year, meaning that if the student experienced homelessness for even one night of the school year, they are considered homeless for the entire school year.

## Count by LEA

A count of students who experienced homelessness during the 2021-2022 school year, regardless of age. These counts include students at each local education agency (LEA) they attended, so students experiencing homelessness who attended multiple LEAs will be counted multiple times. LEAs not listed did not serve any homeless students during the 2021-22 school year.

*\* Denotes that an LEA received McKinney-Vento Sub-Grants for the 2021-22 school year.*
